

# Education worldwide

opens a door to international educational information

[education-worldwide.de](http://education-worldwide.de)

## At a glance

- internationally relevant offerings of the Information Center for Education, collated and systematically structured
- a wide range of information on education and training, on science and educational research
- specialized information for educational research and practice, for German and international visitors

At the core of the portal, [Education Systems International](#) provides an Internet guide to education systems worldwide.

## Search your information

- by subject areas
- in specific databases
- across the entire information offerings of the portal
